

ISO 14001 ENVIRONMENTAL POLICY

Policy Statement

Kirton Healthcare Group Limited is committed to sound environmental practice and to plan and update its practices in response to advances in technology and new understanding in environmental science. The Company will take demonstrable actions for continual improvement in the furtherance of the principles of this policy and in accordance with conforming to ISO14001.

Environmental Principles

This policy will be reviewed annually and covers all Company activities on site.

The Company will comply with all relevant national and international environmental regulations and conduct review/audits by qualified people to ensure compliance.

Whenever possible the most stringent internal environmental criteria will be followed. The Company does, and will continue to provide evidence of compliance with current and future environmental standards. The Company will comply with its own Environmental Procedures as applicable to this site:

- Commit managerial resources to implement the Environmental Policy by introducing an effective management control system
- Set and review objectives within the Management Review Meeting annually
- Commit to continual improvement and prevention of pollution.
- Monitor and report progress against agreed objectives
- Seek to re-use, recycle and recover raw materials wherever possible
- Seek to conserve scarce and non-renewable resources, such as energy, in all operations
- Aim to maintain the highest degree of control on emissions and discharges of materials to the environment and thus continually improve our performance where economically viable
- Conduct audits of procedures and practice and respond to deficiencies through a planned program of remedial action
- Continue to be attentive to the needs of employees, local residents and local ecology, so far as its operations are concerned
- Seek to ensure suppliers and contractors do not operate to environmental standards which conflict with the Company's policy, which is available to any interested parties.
